Press Release

The return to work can sometimes be softened by the memory of our vacations with friends, or the reunion with them after a long absence. Our confidants, whether human or not, are there to support us, to listen to us and, more generally, to improve our lives. So let's celebrate friendship this week, with works featuring intimacy and exchange. And take this opportunity to tell your accomplices how much you've missed them! I'll be there for you...
